

Summer Course - team contract

- What are your expectations for this project?
 - To be able to fulfill the requirements for the drone.
- What is your level of ambition?
 - Relatively high, if necessary we will dedicate a bit of free time to the project, but not to reach unnecessary perfection.
- How much time are you willing to invest in the project?
 - Apart from the time at SDU dronecenter, if necessary, a couple hours after school will be spent on the project.
- How should the work be shared between the team members?
 - As equally as possible, when the actual topics that can be worked on have been defined they will be dedicated as optimally as possible.
- Should the team select a team leader or not?
 - No
- How should the team make decisions?
 - As we are a group of 3 members it is optimally done through a democratic vote, but if the last member wants to veto a decision, a supervisor will be asked to weigh in.
- What should be the normal working hours for the team?
 - 9-15:30 (+ 0 - 2 hours from home).
- What should a team member do if he does not show up one day (legal absence)?
 - Try to stay informed about the project and possibly dedicate a few more hours the coming days
- What are the consequences of a team member not performing his tasks?
 - A bad product and overall ruined project flow.
- What are your concerns regarding the project?

- The work flow may become too frivolous at times.
- What are your expectations regarding communication within the team (email, sms etc.)?
 - Discord and phone as the nuclear option.
 - Andreas - 29176100
 - Alexander Q - 25548125
 - Alexander T -42941134
- Are there any other topics which you think should be included in the contract?
